## Directory of Providers

## Blue Distinction Centers

Blue Distinction Centers can help patients and doctors to have better informed discussion about finding the right provider for the specific treatment a patient needs.

The Blue Distinction Center program was developed with input from the medical community and evaluates providers on their ability to deliver high quality and safe specialty care based on criteria that directly impact patient results – e.g., surgical team expertise and a history of better outcomes for patients.

To see a list of the specific selection criteria used to evaluate providers for the **Blue Distinction Centers for Cancer Care** recognition, please visit the BCBSA's [Blue Distinction Specialty Care](#) webpage.
