

Prior Authorization/Medical Necessity Determination medicine list

Horizon Blue Cross Blue Shield of New Jersey Pharmacy is committed to providing our members with access to safe and effective medicines. Below you will find a list of medicines requiring Prior Authorization/Medical Necessity Determination. This means that your doctor must give us information to show the use of the medicine meets specific criteria. The criteria follow U.S. Food and Drug Administration (FDA)-approved product labeling and generally accepted treatment guidelines to ensure safe and proper use.

It is important that your doctor submit a request with the information to Horizon Pharmacy to prevent any delay in getting your medicine. If you have any questions, talk with your doctor or call Pharmacy Member Services at **1-800-370-5088**.

This list is subject to change and will be updated periodically. The listing below contains the brand name medicines only. The generic versions of these brand name medicines may also be subject to Prior Authorization/Medical Necessity Determination.

You can also look up details about your pharmacy benefits, including if a generic or brand name medicine requires Medical Necessity Determination, by visiting Member Online Services:

1. Visit HorizonBlue.com/pharmacyservices.
2. Sign in to Member Online Services with your user name and password.
